

“Education is not the learning of facts, but the training of the mind to think.”

- Albert Einstein

### From Principal's Desk

Dear parents and guardians,  
Warm greetings !

It has been a great joy to see how students are learning in Pathshala. They are not just accumulating the facts, but are learning to think engaging themselves into several activities. Outdoor study is a part of such activities that stimulates students learning making them more curious and get the first-hand experience. Students visited places to learn several aspects like history, geography, economy, religions, development and so on. They are now engaged in post-trip activities to reflect their learning. (Please refer previous newsletter to know which grade visited where.) Once again, I would like to thank all parents, teachers and students for your support to conduct these trips successfully.

Similarly, School Fete and Fair was another opportunity for students to learn through activities. School Fair (at Baneshwor) was more focused on the curriculum based exhibition to demonstrate what students learned involving themselves into various activities. School Fete (at Bagdol) on the other hand was more fun based exhibition with the aim to involve students in economic activities. I would like to thank all parents for your encouraging presence. Big thanks to all students and teachers for your time and effort to mark these Fete and Fair successfully.

After the review of Second Term Exams, we are now more focused on their curriculum for the third term. Teachers have set their targets and made strategies for the third term in the Monthly Department Workshop held on 8<sup>th</sup> Magh. Students have been supported and encouraged accordingly.

#### ✚ Mid-Term Test:

**Mid term examination** is a part of testing the preparedness of children for their academic performances and developing supporting mechanism them accordingly.

Mid term - III is going to be held from Falgun 8<sup>th</sup> (postponed due to School Fete and Fair Week). Syllabus and routine will be sent on Monday, 22<sup>nd</sup> Magh. Hopefully students have shared their mid term's academic goal with parents and are working on strategies with adequate support of teachers and parents.

#### ✚ Important Dates to remember:

##### Magh:

17-26 : SEE Mock-up Test for Grade 10

21 : School off (Monthly Workshop on professional development ; main focus of this month - follow up of PTC - II)

22-29 : Book Talk program for grades 1-7 and 9

27-29 : Annual Trip of grade X (Pokhara - Dhampus)

22 : Mini Exhibition of Post Annual Trip activities (grade VI, VII, VIII, IX)

Parents and guardians are requested to visit by 10:00-12:00 and provide valuable feedback on students' sharing of learning about community.

##### Falgun:

8-11 : Mid Term Test

School Picnic of Grade 1-5 (Third week)

**Please, note the changed contact number of Pathshala at Bagdol: 5190010 and 5191044**

#### ✚ Safety matters !

Dear all, here is a humble request to you all to consider strictly:

Send the information in diaries with your own signature to confirm if you want your child to go somewhere with someone or at a friend's home or change the bus to drop somewhere else. In case of emergencies during the day time, call at the front office to inform grade teacher so that grade teacher can confirm with you before departure.

We will meet in first week of Falgun with class news and more academic /extra-curricular news.

Till then, enjoy going through school facebook to remain updated and keep in touch!

Sincerely,

Anita Tamang
