

"The only person who is educated is the one who has learned how to learn...and change." - Carl Rogers

From Principal's Desk

Dear parents and guardians,
Warm greetings!

I hope everybody is having feeling of satisfaction with the preparation process and completion of the second term examination. We also request for a short sharing during family talk time about how they did their exams. It is also a time to plan to utilize holidays for revision and learning process along with some winter-break activities.

Notes of sincere appreciation!

We highly appreciate participation and cooperation of parents and guardians throughout second term including events like sports week, annual outdoor community studies, vocabulary competitions, tests and examination and other regular leaning procedures of our students. Your regular feedback and communication have provided us motivation to give our best to support our students.

Congratulations!

We had sports week and vocabulary contest as major events. Students got opportunity to participate in inter school competitions, too. Different ongoing performances were also being evaluated and rewarded with merit cards.

Many students got opportunity to collect gold cards. Congratulations to everyone for their achievements and most importantly to everyone for their experience-based learning!

Pathshala Saanjh-2079!

Despite of several challenges almost after long gap, Pathshala have tried to provide opportunities for our students to participate in activities so that they can experience best time of their school life from the point of view of skill demonstration and learning values of life. Therefore, Pathshala Saanjh, an important event on the occasion of school's establishment day and Saraswati Puja celebration is going to be held in Magh. Detailed notices and information are sent with students. We believe that we will be receiving your cooperation as always by remaining updated with the notices sent and communicating with respective contact person for further queries or suggestions.
