# From the Principal's Desk

## Welcome to the New Academic Session 2083!

Namaskar and warm greetings to all!

As we begin this new academic year, I extend my sincere thanks to our entire Pathshala community—parents, teachers, administrative staff, and students for your continued trust and cooperation. We look forward to another meaningful year of learning and growth together.

The Pathshala Newsletter remains one of our key communication platforms. It shares important school events, highlights upcoming plans, and reflects our educational philosophy through ideas and expectations. This administrative newsletter is published monthly (and sometimes bimonthly) and shared digitally through your child's school email and the school app. In addition, subject-based newsletters will be shared by Grade and Subject Teachers, usually on a bimonthly or terminal basis. We hope that everyone has noted the Viber message sent before school opening for immediate information. Here, we have more information to share for a smooth and effective Academic Year 2083.

## Preparation for Academic Session 2083

The academic year began with our Annual Human Resource Development Programme (AHRDP-2083) from 2nd to 14th Baishakh. During this period, teachers and staff carefully reviewed the previous academic year, studied the curriculum in depth, and developed detailed yearly and terminal plans. Teachers also reviewed students' portfolios to better understand their learning needs and prepared activities accordingly.

New teachers were oriented on the school's philosophy, policies, and practices to ensure alignment in teaching and learning. All teachers designed a structured first-week plan focused on welcoming students through engaging, activity-based sessions to help them connect with peers, teachers, and the school environment. Our non-teaching staff also participated in orientation sessions to strengthen their roles in supporting school operations.

## First Day at Pathshala 2083

The first day of school was filled with enthusiasm and warmth. Students participated in interactive activities designed to help them feel comfortable and connected. Teachers facilitated welcoming sessions that introduced classroom routines, expectations, and friendships.

Due to adjustments in the number of school days, one additional period has been included in the daily schedule. Some co-curricular activities have also been reorganized:

- Scout: Grades VI - VIII

While these adjustments have been made, the school continues to maintain a strong balance between academic learning and physical, social, and emotional development through Physical Education and various co-curricular activities such as sports, arts, music, dance, theatre, and many calendar-based events.

## General Reminders for Parents

- **Books (Grades 1–5):** Students are not required to carry books daily, except few like Computer Science. One set (bought by the school) will be kept in school; another set (bought by parents) remains at home.
- **Stationery:** Essential materials will be provided in school for classroom use. Parents may keep a set at home. This may include pencils, pen, scissors, glue, tape, chart paper, newsprint paper, A-4 size paper, and colours.
- **Snacks:** Provided only for Grades 1–5.
- **Birthdays:** Celebrated simply with wishes in class and assembly by distributing cards by teachers and classmates. We encourage avoiding cakes and expensive items. No chocolates, but a donation of stationery to share happiness with many other needy children in society is practiced in Pathshala. This is to enable our students to grow with gratitude to the universe for all the privileges they are bestowed upon.
- **Uniform:** New students may wear sports attire during PE until house allocation is announced. The school house dress includes a respective coloured-house dress (t-shirt, trousers and jacket) with white socks and white shoes (canvas or white sports shoes).

*Note: The Parents' Handbook will be shared soon for further details. Please, remain up to date accordingly.*

## School App

The school app is being used for communication and record-keeping. We acknowledge that there are some technical issues at present and sincerely apologize for any inconvenience caused. Our team is actively working to improve its performance.

We look forward to a productive and enriching academic year ahead. Together, let us continue to support our children in becoming responsible, confident, and thoughtful individuals.
